

KEEP MINUTES
APRIL 21, 2007

Our first item of business was to listen to the individuals nominated for an office. After candidates had given reasons as to why they should be elected, lunch was served. After lunch, the officers were voted on. The results are as followed:

President--Alex Browning
Vice President--Ashely Stone
Secretary--Samantha Clark
Treasurer--Arielle Short
Historian--Matthew Stewart

Congratulations to all officers who were elected.

After the elections of officers, Groups were formed according to which region the individual was in. There were 4 regions (North, South, East and West). Each group chose one individual to be a regional director. The directors are as follows:

North--Alexander Thomson
South--Arielle Short
East--Erica Vanderport
West--no attendance from any western individual at the meeting.

The group then went outside for a presentation on trailer safety. This presentation was done by Ryan Corbin. Thanks to Ryan for a very informative presentation.

Back inside the group decided the next meeting date. The date is **May 26, 2007 at the Bowling Green County Extension Office.**

It was also decided the group would attend and volunteer at a show. This is especially important for officers. The show is: **The Kentucky Mid-State ApHC, Lakeside Arena, Frankfort On May 5 or 6.**

It was also decided that a list would be formulated of member's information (phone number, email address, etc.) so that members could communicate. An adult KEEP member would be responsible for this.

The meeting was then adjourned.
