

Grassroots Funding Finalized for 2009

Since the Kentucky Equine Education Project (KEEP) was formed in 2004 more than a half million dollars has been awarded in grants to various equine groups throughout the Commonwealth. Horse shows, 4H clubs, educational institutions and programs have benefited mightily from KEEP funding through its Grassroots Committee.

For 2009, our board approved Grassroots funding in the amount of \$80,000. This money has already been allocated and budget restraints will not permit an increase in our expenditures at this time. We are hopeful that our future funding will allow us to expand our support for the many equine activities in Kentucky.

The Grassroots Funding Committee will have an updated application and guidelines for the 2010 calendar year in the upcoming months. For more information or questions contact the KEEP Staff by calling 866-771-5337 or via email at info@horseswork.com.
